SIDDHESH LAMBADE

SOFTWARE ENGINEER

+91-7276065218 lambadesiddhesh11gmail.com https://www.linkedin.com/in/siddhesh-lambade-aabbb337a/

Summary

Enthusiastic Computer Science Engineering student with strong knowledge in programming (C, C++, Java) and web development (HTML, CSS, JavaScript, React). Skilled in building academic projects and eager to apply technical expertise in real-world problem solving. Quick learner with a keen interest in software development and emerging technologies

Skills

Programming & Querying: C , C++ , Java, Json , GItHub

HTML , CSS , Javascript , react.js , node.js, REST APIs , Spring Boot , Angular , MySQL , Gi t , JWT

Experience

1. Data Science Intern | SimSoft Technologies Nagpur ***(July 2022 – August 2022)***

- Completed a 2-month internship focused on Data Science and Machine Learning.
- Gained hands-on experience with Python programming, data preprocessing, and model development.
- Worked on real-time datasets to understand data analysis, visualization, and AI concepts.

Tools Used: Jupyter Notebook, Google Colab

2.* Software Development Intern — *Sayansh IT Solution, Nagpur ***(Jan 2025 – Mar 2025)***

- Worked on **Core Java** and **Java Swing** projects, developing desktop applications with interactive user interfaces.
- Assisted in designing and implementing **GUI components** and handling backend logic to improve application functionality.
- Gained hands-on experience in **Java OOP concepts**, **event-driven programming**, and **software debugging**.
- Recognized by the team for being **punctual, inquisitive, and hardworking**, completing assigned tasks within deadlines

3.* Full Stack Development Intern — TATA Technologies Pune** ***(Jan 2026 – Mar 2026)

- Worked on a Lead Nurturing CRM / Automated Lead Management System using Spring Boot, Angular, and MySQL.
- Developed REST APIs, dashboard summary features, date filters, and frontend-backend integration.
- Implemented JWT authentication, RBAC, and deployed the application on Railway.
- *Collaborated on real-world enterprise requirements, debugging, testing, and deployment to improve application reliability and usability.*

Projects

1. Canteen Management System
Tools/Technologies: React, PHP, HTML, CSS, JavaScript

- Developed a full-stack web application to **automate canteen operations**, including order placement, billing, and menu
- Management
- Implemented user-friendly interfaces using React and responsive design principles for smooth navigation.
- Built backend functionality in PHP for managing orders, users, and payment processes.
- Developed a syastem with Home, Menu, Login, Register pages and an Admin Panel for stock management

2. Developed a YouTube Transcript Generator
Tools/Technologies :React and Node.js to fetch, display, and export video transcripts.

- Implemented features like AI-based summarization, dark mode, recent history, copy-to-clipboard, and PDF/TXT export for enhanced usability
- Implemented transcript export (PDF/TXT) and integrated AI-based summarization, along with local storage (IndexedDB) for efficient data caching and improved user experience.

3. Lead Nurturing CRM / Automated Lead Management System
Tools/Technologies: Spring Boot, Angular, MySQL, JPA/Hibernate, REST APIs, JWT, RBAC, Railway

- Developed a full-stack Lead Management CRM system to manage, track, and analyze enterprise sales leads.
- Developed a full-stack Lead Management CRM system to manage, track, and analyze enterprise sales leads.
- Implemented frontend dashboard features such as summary cards, source-wise charts, and language selection.
- Integrated JWT-based authentication and Role-Based Access Control (RBAC) for secure access.
- Deployed the frontend, backend, and MySQL database on Railway for live access and testing.

Awards & Certifications

1. **NVIDIA Learning – [“Fundamentals of Accelerated Computing with CUDA C/C++”], 2025**

Education

B-Tech: Computer Science and Engineering — **Graduated: 2026**
priyadarshini jl college of engineering nagpur — ***CGPA:*** *8.08 / 10*

Diploma: Computer Science and Engineering — **complete: 2023**
government polytechnic nagpur — **percentage: 80.75/100**
